

I WILL NEVER WALK ALONE

1. An empty picture frame mirrored my life
Broken images of dreams long passed
Endlessly searching, trying to find the right way home
Running in circles alone into the dark

But You knew I was dead in the darkness so You turned me
'round to face the light
And now I see a path marked clearly before me in golden
letters shining bright
Saying 'I am with you always'

- Ch. And I don't ever want to walk alone again
No, not now that I've found You
My life is like a new morning and my spirit is alive at the
dawning of this new day
I can see Your bright sun shining now
Rise above the hills because my heart has finally found a
home
And I'll never be alone

2. Use me, Lord, now that You've filled my life
Love me, hold me or I know I'll fall
Give me the strength, oh God, I pray to carry on
And to know the old me is gone, yes give me strength

Well, I know it is foolish to worry and I fear that
sometimes I may lose heart
But despite all the mortal faults that plague me, You
promised me Heaven from the start

And You are with me always

Guarding me, guiding me lifting me, loving me

- Ch. And I will never walk alone again
No, not now that I've found You
My life is like a new morning and my spirit is alive at the
dawning of this new day
I can see Your bright sun shining now
Rise above the hills because my heart has finally found a
home
And I'll never be alone

I will never walk alone again
No, not now that I've found You
My life is like a new morning and my spirit is alive at the
dawning of this new day
I can see it, I can feel it and I know
Your bright sun is shining on me now
And my heart has finally found a home

And I'll never be alone
